

The CT2050 rugged flat panel display, a companion product to the CT2250 industrial PC, has a stylish heavy-duty metal and safety glass face plate that is sealed to IP65. The unit is fitted with a 15 inch colour TFT display.

Available as an option is a touch screen either the Infra-T touchscreen, which is suited to gloved-hand operation, or a resistive touch screen.

Being either panel or desk mounted the unit is particularly suited to rugged applications. It is competitively priced and requires little maintenance

One of a range of industrial products the CT2050 is designed and manufactured in Australia by APC Technology, an Australian-owned company with a long history in rugged computer design and manufacture.

FEATURES

- BIG COLOUR DISPLAY
- SEALED FACE PLATE
- LOW MAINTENANCE
- OPTIONAL TOUCHSCREEN
- COMPETITIVE PRICE
- AUSTRALIAN DESIGNED AND MANUFACTURED
- STYLISH AND RUGGED

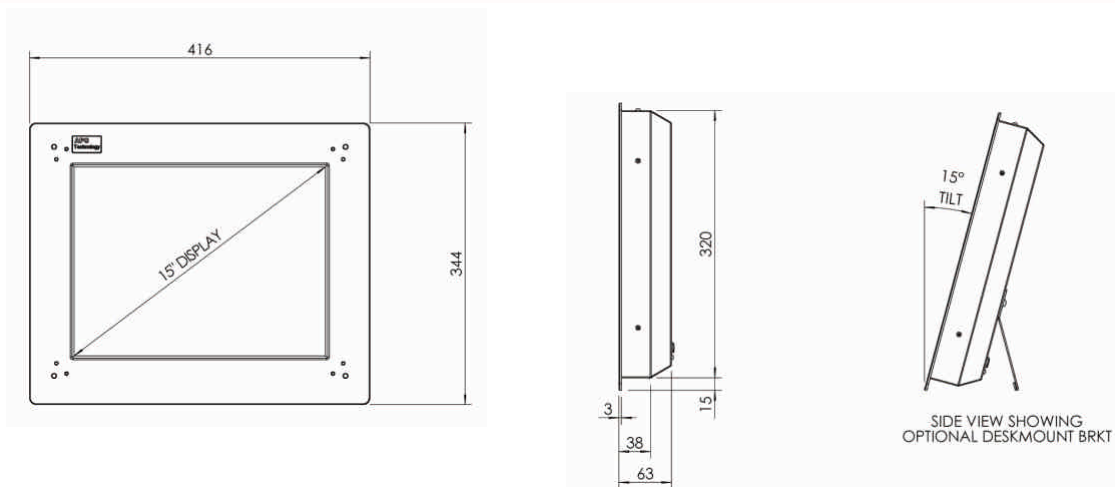

"CT2050—a Industrial Display for Rugged Conditions"
